

SECUNORM 610 XDR

IN A CLASS OF ITS OWN AS A BAG OPENER.

THE SAFER WAY TO CUT.

martor

SECUNORM 610 XDR

NO. 610002

Dirt protection

The SECUNORM 610 XDR's open design has several benefits. Dust and other particles won't stick and moveable parts stay moveable. The lever and blade retraction features then continue to function even under the most difficult conditions.

Easy to clean

Extra tough dirt is also no problem! Open the lever downwards to expose the components. Everything can now be cleaned as required, e.g., with compressed air, water or acetone. But remove the blade first!

Stainless steel blade

TRAPEZOID BLADE NO. 160099 is ideal for single-layer film and paper bags. Stronger materials with increased cutting resistance can also be cut quickly and safely. 2-times usable blade.

Practical 3-in-1 lever

The bag opener is one of MARTOR's highly ergonomic squeeze-grip knives. The lever is smooth and finger-light to operate. It can be securely locked in place or folded out of the handle for blade changing.

Robust and detectable

Advanced ergonomics are not the only special features of the SECUNORM 610 XDR. The aluminium, unpainted handle and plastic components are also very robust for professional use. All parts are stainless and metal detectable.

Application

Cleaning

Very easy to clean due to an open design and easy access to all parts. See the user manual for more information.

Safety technology

Automatic blade retraction – a high degree of safety

The SECUNORM 610 XDR is equipped with automatic blade retraction: as soon as you release the lever, the blade disappears into the handle – and it stays there too. This provides a high degree of safety from cut injuries.

Doing the dirty work. With stainless, rounded-tip trapezoid blade.

The SECUNORM 610 XDR is the first universal bag opener that cuts efficiently AND safely. Use it to open bags of any kind and thickness, and any content. XDR means eXtra Dirt Resistant, i.e., even dusty, liquid or sticky contents won't stop the safety knife. The blade automatically retracts after cutting on releasing the lever. Users are then also resistant – resistant to cutting injuries.

PRODUCT FEATURES

Technical features

	High safety		Safer blade change (with magnet)
	Very abrasion resistant		Very ergonomic
	Safety lock		Cutting depth
	Rounded-tip trapezoid blade		For right and left handers
	Individually engravable		Heavy-duty
	Metal detectable		X-ray detectable

Main cutting materials

	Bagged goods		Cardboard: up to 3-ply
	Wrapping, stretch and shrink foil		Plastic strapping band
	Foam, polystyrene		Felt

Installed blade

	NO. 160099	0.63 mm, rounded blade tips, deep-edged, stainless
--	-------------------	--

Optional blade

	NO. 60099	0.63 mm, rounded blade tips, deep-edged
	NO. 60095	0.63 mm, rounded blade tips, deep-edged
	NO. 160060	0.63 mm, rounded blade tip, stainless
	NO. 98	0.63 mm

Certificates and awards

THE PERFECT FIT FOR ALL.
DOES THE PERFECT JOB.

SECUNORM 610 XDR

- › Squeeze-grip knife with large cutting depth
- › For any bagged goods
- › Dirt resistant and metal detectable
- › Automatic blade retraction
- › GS-certified for approved safety

PRODUCT DETAILS

Order No.	NO. 610002.02		
Packaging unit	1 in single unit box (5 in multipack)		
Knife size (L x W x H)	158 x 27 x 76 mm		
Main material	Aluminium + Metal detectable plastic		
Weight	138.0 g		
Cutting depth	18 mm		
Spare blade Packaging unit Size (L x W x Thickness)	NO. 160099.70 (10 in safety dispenser) 55.5 x 19 x 0.63 mm		
Certified	GS certificate NO. 187356-7897-55094-2023		
Accessories			
BELT HOLSTER L		NO. 9922	
BELT HOLSTER XXL		NO. 9924	
TOOL RETRACTOR		NO. 9960	
USED BLADE CONTAINER		NO. 9810	
WALL MOUNT BRACKET USED BLADE CONTAINER		NO. 9845	
SAFEBOX		NO. 108000	
MDP TEST CARD SET		NO. 9910	

CONTACT AND SERVICE

What makes our cutting solutions even safer?
Our advisory services! We are always on hand,
to give advice, to provide you with training material,
to meet with you in person if necessary.

You will find further information on our website:
www.martor.com

At a glance: the safety poster shows the most important functions and correct usage – perfect for your workplace.

From the first cut to changing the blade, our video will show you the best way to use this knife.

Everything you want to know: dimensions, properties, special features and more about our cutting tools can be found in the technical data sheet.
