SAFETY TECHNOLOGY

SECUNORM
= high safety

Automatic blade retraction

The SECUNORM 610 XDR is equipped with automatic blade retraction: as soon as you release the lever, the blade disappears into the handle – and it stays there too. This provides a high degree of safety from cut injuries.

EXAMPLES OF USE

CLEANING

WITH HOLSTER 610 XDR

Adjustable angle for ergonomic and efficient working, ideal for right and left-handed users.

Unlocked for quick removal of the safety knife. Locked for a secure hold.

Equipped with eyelets on both sides of the holster to ensure the knife is securely held in place and therefore prevent the knife being lost.

ATTACHMENT OPTIONS

To a belt or trouser pocket using the clip on the back of the holster.

At the workplace using a bracket (not included in the scope of delivery, order NO. 9962.06).

Also use the integrated clip to attach to the bracket.
