SAFETY POSTER
INSTRUCTIONS FOR THE SAFE HANDLING OF YOUR CUTTING TOOL

martor

SECUNORM GENIAL

Automatic blade retraction
for a high degree of safety

Double-sided slider
for left and right handed users

Ergonomic handle
for greater efficiency

Abrasion resistant aluminium
for top performance

2-cutting edge blade
with a large cutting depth

USAGE

Use the slider to **engage the blade** for cutting.

Pierce into the cutting material to cut.

Always remove your **thumb from the slider** to ensure automatic blade retraction.

For best results, cut plastic strapping band **diagonally** (at a 45° angle).

BLADE CHANGE

Change the blade from the front side. Simply **lift** the slider and carefully remove the blade.

Either turn the blade around or replace it and re-insert **exactly over the locating lug and metal pin**.

Fully re-close the slider ensuring the metal pin clicks into place.

Finally, **test once** to check.

PROTECTION OF USER

Following cutting, the blade immediately retracts into the handle. Condition: you have **released hold of the slider**.

DISPOSAL

Your SAFEBOX is the best place to store **used blades**.

When the SAFEBOX is full, **empty all contents** into your USED BLADE CONTAINER.

**Please note:** To ensure your product always functions flawlessly, regularly remove any impurities. For additional safety, we recommend wearing gloves.
