

TECHNICAL DATA SHEET

SECUMAX SOS-CUTTER NO. 537

Safety technology

Concealed blade – a maximum degree of safety

The SECUMAX SOS-CUTTER blade is not an open one, but is hidden from people and goods. This provides you with the highest degree of safety from cut injuries and from damage to goods.

SOS SAFETY KNIFE WITH CONCEALED BLADE, ESPECIALLY FOR CUTTING SAFETY BELTS.

Order No. 537.00

At your side in an emergency.

Safety belts are important for survival. They can however be a hindrance in the aftermath of an accident. They can trap injured people in dangerous situations. The SECUMAX SOS-CUTTER provides the perfect solution. You can use it to reliably cut through any safety belt, whether as a doctor, paramedic or accident witness. The safety knife is also suitable for cutting through clothing, which in some cases also has to be removed.

Handy shape

You can work with the SECUMAX SOS-CUTTER particularly effectively if you put a finger through the opening. Or, on the other hand, you can push comfortably supported by the flat design and the rounded edges.

Practical eyelet

The SECUMAX SOS-CUTTER is just as much a part of your vehicle as the first-aid set. Your safety knife has an eyelet for attaching so that it is handy in emergencies.

Perfect place

As an alternative, you can attach the safety knife using the integrated velcro fastener. On the dashboard, for example. That makes it available quickly without it „flying around“ in the vehicle.

PRODUCT AND PACKAGING DETAILS

Order No.	NO. 537.00	Packaging unit	1 on self-service card
Knife size (L x W x H)	124 x 8.5 x 43.5 mm	Size Single unit box	110 x 0.8 x 242.0 mm
Weight knife	27.5 g	Weight single unit box	38.6 g
Basic material	Plastic	EAN Code single unit box	4002632005374
Cutting depth	3.1 mm	Quantity in outer pack	10 knives
		Size outer pack	94 x 94 x 215.0 mm
		Weight outer pack	445.6 g
		EAN Code outer pack	4002632950766
		Customs tariff number	82149000

SAFETY ADVICE

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time.

1. General application instructions: Please always use the product carefully for manual cutting work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the knives into account in this regard. As an additional safety measure, we recommend the wearing of safe gloves.

2. Special application instructions to avoid the danger of injuries: Always take great care when handling the product. Before first use, familiarise yourself with the safety technology and how it works. Before every further use, check the knife for proper functioning. Only use cutting tools that are in perfect condition with sharp, clean and undamaged MARTOR blades. Also make sure that the knife's operation is not impaired by the material to be cut or by dirt or particle deposits around the blade. **CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade!** Do not place your free hand in the line of cutting and never cut directly towards you.

3. Replacement of spare parts: Replace any blades that become dull at the right time! Use only the replacement blades from MARTOR for this purpose. Dispose of old blades in a proper fashion. They should not be placed in a waste paper bin, as this poses a considerable danger of injuries. Never perform any repairs yourself. If the knife shows signs of aging or any other wear, e.g. which impair safety features, blade changing or usage, the knife must be taken out of service and replaced. Do not modify this product in any way. Modifications of any kind may impair product safety. **CAUTION:** The risk of injury caused by manipulation of this product is extremely high.

4. Non-use of the knife: Always secure the blade in such a way (depending on product type) that injuries due to cuts are excluded. Store the knife in a secure place.

5. Care instructions: To guarantee a long service life, always keep the knife clean and do not expose it to unnecessary soiling and humidity.

CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!

ACCESSORIES

TOOL RETRACTOR NO. 9960

The TOOL RETRACTOR protects your cutting tool from loss and from falling down. Its core is the heavy-duty Kevlar cord that can be extended up to 90 cm. As soon as you let go of your knife, it is returned to you via the flexible cord. Your hands are free for other activities – the knife always remains at hand. The carabiner is designed for your belt loop, the steel cord at the other end fits through the eyelet of your cutting tool.
